## How to Obtain a Jessica Lunsford Contractor Badge

Friday, September 21, 2018

### **Comply with the Jessica Lunsford Act.**

The Jessica Lunsford Act is the informal name given to a 2005 Florida law designed to punish sex offenders and reduce their ability to re-offend.

This means that your local officials association will need your finger print clearance prior to assigning you. You may contact your local county school district office for information regarding locations to complete the fingerprint process.

Officials are independent contractors and require a level 2 screening (background check). This is a check of a person's background via state and national databases to ascertain whether the individual has been convicted of a crime(s) and its/their nature. It requires you to file with the district school board a set of fingerprints taken by an authorized law enforcement agency or an employee of the school or school district who is trained to take fingerprints.

You may refer to Florida Statutes 1012.467 and 1012.468 by clicking [here](#)
